REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record, absent applicant's own disclosure, fails to teach the entire combination of elements set forth in the claimed invention. Specifically, the prior art of record fails to teach a concave notch portion at a base end portion of one of the lips having a depth equal to or less than 0.5mm. Although references such as the admitted prior art in figure 6 disclose a notch portion at a base end portion of one of the lips and it is well known that one with ordinary skill in the art is capable of experimentation to find the optimum or workable ranges for a particular use, the applicant has pointed out the criticality of the 0.5mm or less range by indicating that such a range ensures a reduction in noise caused by rattling.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory J. Strimbu whose telephone number is 571-272-6836. The examiner can normally be reached on Monday through Friday 8:00 to 4:30.

Art Unit: 3634

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Chilcot can be reached on 571-272-6777. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
